TOTAL COLLEGE COURSES APPROVED: 24 (3 of the KR courses earn credit for two Clark State courses for the year; English and Statistics) for a total of **77 college semester credits**.

Step 1: All students wanting to participate in College Credit Plus for the 2022-23 school year (even if they participated in 2021-22) can meet the information and counseling requirement by attending the Informational Meeting which will be held in January/February every year. There will be two components – general information about CCP and information about CCP in the Northeastern District. The powerpoints from both components will be available on the KR's website after the Informational Meeting is held. One powerpoint is general information about College Credit Plus that applies to all Ohio students; the other is specific to Kenton Ridge.

Step 2: Submit the "Intent to Participate" form to the Guidance Office, with parent and student signature, on or before April 1. This is a deadline established by the Ohio Department of Education. This form MUST be submitted by the deadline to be eligible to take ANY courses through the CCP program in 2022-23 including summer 2022. NOTE: Students are encouraged to get the forms submitted PRIOR to spring break which is March 28-April 3 (we return on April 4).

Step 3: Be sure to meet the application and testing* requirements for the college(s) you plan to attend or earn credit from. All of the CCP courses offered at KR are through Clark State so the Clark State application and testing requirements need to be met for the CCP courses at KR. Admission to Clark State's CCP program is REQUIRED prior to being able to take the ACCUPLACER to meet the testing requirement.
